..... Annual dues \$10.00  
EDKINS CATALOG COAL SCRIP VOL. I - \$24.  
EDKINS - VOL. II - W.VA. ONLY - \$24.

## CATALOG COMMITTEE REPORT

To date, 651 copies of both Volume I and Volume II have been sold for a total of \$15,912.00. The cost of revisions, typing, editing and printing 2,050 copies was \$23,771.24. This includes 189 loose leaf copies and 50 copies of a special leather bound collector edition.

We currently have \$2361.00 on hand and still have the following expenses outstanding:

Owed to 13 members who loaned \$200.00 each	\$2,600.00
Balance due on the original TAMS loan	2,100.00
Editing expenses, including three trips to Framingham, Mass. from Oak Ridge, TN, totaling 6,000 miles	729.00
Total	<u>\$5,429.00</u>

We need to sell \$3,068.00 worth of books (128 copies) in order to pay our debts. We then can start rebuilding the \$3,000.00 fund which we had in the bank when we started processing material for the 2nd Edition. After that, everything will be profit and will be earmarked for subsequent publications of coal and lumber related material of interest to NSCA members.

Help is urgently needed from each member now to enable us to clear up our expenses. Get a new member and sell him or her a book or buy that copy which you have been putting off. We need the money.

Copy No. 19 of Volume II, West Virginia, bound in white leather and autographed by Don Edkins as copy 19 of 25, is available to the first member who contacts Bill Williams at PO Box 3015, Oak Ridge, TN 37830, or phone 615-482-1616. The price for this prized limited collector edition is \$60.00 post paid. It is available because the member who purchased Vol I only wanted the book for states other than West Virginia. It is possible that he may be persuaded to sell his copy of Vol I if the Vol II buyer wants to complete the set.

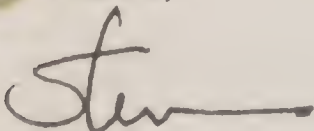

.....

Walt,

I held the Free Ads for a few extra days due to the fact that I have received so few, today I was rereading Scrip Talk after typing up the ads I had received and was reading the listing of new officers on the front cover and happened to look up and realize that my address was listed as the Post Office Box that I closed over two years ago. You must have pulled out an old cover to use for the last issue that reflected my old address. My forwarding order with the Post Office has long since expired so I am afraid that several members may have had their ads returned to them as undeliverable. Please change the next issue to reflect the correct address, which is: 104 Riverview Drive, Pace, FL 32570.

Have an enjoyable Summer!

Thanks,

CRAWFORD BLAKEMAN, PRESIDENT  
NATIONAL SCRIP COLLECTORS ASSOC.  
P. O. BOX 536  
MIDDLESBORO, KY 40965

## CRAWFORD'S CORNER

First off, thanks are in order for electing me your President. The responsibility will not be lightly taken and I will do my best. It is my sincere goal to help our organization be a better one, so your ideas, comments and criticism will be welcomed. We need the active participation of every member. The response for help in various things has been heartening.

Thanks are also due to those who made our Bridgeport meeting a super success. It would be nice if Jim Thompson could have a ramp dinner for us every year !! This took a lot of time, effort and expense and we do appreciate it, Jim !! Thanks also to Vice-President John Podgurski for his efforts.

It will take a little while to get things organized, but with the help of several members we are well on the way and by the next "SCRIP TALK" we hope to have all committees filled and functioning.

Vice-President Mark Ballard has consented to again be in charge of membership - a hard job and one of our current problems. Mark needs the help of all of us. The life blood of NSCA is in getting new people interested. Any ideas you may have to help Mark will be appreciated. All of us need to realize that a beautiful expensive piece of scrip is virtually worthless unless interest is keen enough to keep it in demand.

Plans are now to create a new committee to recommend any needed changes in our By-Laws and to further investigate the feasibility of incorporating NSCA. This committee should be complete in a few days.

Remember - please send foils of new finds to Bill Williams. Even if you can't obtain the piece, usually the owner will let you make a foil of it.

Our Fall Convention will be at Duffield, Virginia on October 4th and 5th. Veep John Taylor is working out the details. Set aside the dates now as it is less than four months away. Hopefully, we can have a fine auction, and if possible, open sales to mail bidders as well as the floor bidders in attendance.

Material for "SCRIP TALK" is always needed and it need not be limited to coal tokens. Many of our members collect lumber, merchants, mills, bi-metals, pictorials, etc. If you know something interesting, unusual or historical - why not write it down and send to Janitor Walter. If you read this, you will know artful writing is not a requirement.

Bill Williams says we need to sell more catalogs. One suggestion is to buy an extra copy and donate it to your local or school library - tax deductible too!!

The East Tennessee Land Company was capitalized at \$3,000,000. in 1889 - 1890 for approximately 300,000 acres. The properties estimated cost at \$2,000,000. leaving \$1,000,000. for development in subsidiary companies.

This land was estimated to have 250,000 acres rich in coal, 75,000,000 tons of iron ore, 600,000,000 board feet of timber, and high grade limestone rock. These properties were located mostly in Roane, Morgan, Cumberland, Fentress, White and Putman counties. Also, about 13,000 acres near North Carolina border in Carter County.

The East Tennessee Land Company established Harriman, Tennessee on February 26, 1890 on the Temperance Principle of no Demon Rum. Few business enterprises of the time in the entire nation were so extensive in scope of operations as the East Tennessee Land Company.

East Tennessee Mining Company was one of the companies formed. It was to operate both coal and iron mines, some strip and some underground mines. The Harriman Coal and Iron Railroad Company was formed to move their products. Many manufacturing companies were formed and the Tennessee Land Company had stock in each of them.

In forming the Town of Harriman and all of the roles of operating a town apparently in a very rich fashion, the Tennessee Land Company became bankrupt in the panic of 1893 and by 1895 most subsidiary companies were sold or out of business. As the Tennessee Land Company has a large part in making the Byrd Coal Mine a commercial success, it had to be included.

Robert King Byrd was born November 4, 1823 and died May 2, 1885. He was a Colonel in the Union Army. He and his wife owned 10,000 acres on both sides of the Emory River. On the south side of the Emory River across from the Byrd Mansion was the coal mine, a four foot vein of coal laying vertically at the side of the Emory River Gap.

The coal mine was mainly for plantation use until the East Tennessee Land Company bought the Byrd properties for \$36,000. in 1889. Capacity of the mine was increased after the properties transfer. A trolley system was set up so that mine cars could be run out of the mine across the Emory River to a tip house where the coal was dumped directly into railroad cars of the Belt Line Railroad of the new Harriman Coal and Iron Railroad.

A good grade of coke was also a by product of the Byrd mine. I can find no mention of tokens or of a company store.

## RESULTS OF THE BRIDGEPORT AUCTION

The Friday night auction at the Bridgeport meeting was another success. Eighteen members consigned 83 lots. Of the 33 members who registered, 23 were successful bidders. NSCA's commission totaled \$211.20, part of which will be used to pay the costs of the meeting.

Highlight of the sale was a \$60.00 bid for Portsmouth Solvay Coke Co. WV877 B100 rated at R10, and the sale of a two volume leather bound collector edition set of the Edkins Catalogue for \$120.00. Other top bids were \$40.00 for a WV Civil War Honorable Discharge Medal and \$35.00 for a R9 Horse Creek Block Coal Co WV1965 B100. A 7 piece set of Tennessee Consolidated Coal Co. brought \$40.00 and unlisted lc from Service Stores, Marion Division realized \$26.00.

Twenty six Lumber company lots went at bargain prices, ranging from \$3.00 to \$30.00. The highlights being a 5 piece set of Ridgewood Stores for \$30.00; a 5c from New River Lumber Co for \$27.00; and a \$1.00 from Terry and Spangler for \$24.00.

Overall, 8 lots sold for more than \$25.00; 7 sold in the \$21-25 range; 11 in \$16-20; 20 in \$11-15; 24 in \$6-10; and 13 in \$1-5.

In addition to providing entertainment for the Friday night crowd, the auction continues to provide enough income to enable NSCA to hold the convention without having to deplete the treasury.

If you have material which you would like to have auctioned at the October meeting, send a listing to Crawford Blakeman as soon as possible. He plans to have a list published in SCRIP TALK in time to give members who can not attend the meeting the opportunity to submit mail bids.

### TRANTOW CATALOG OF LUMBER COMPANY STORE TOKENS

We have now received an additional shipment of these catalogs!! If you would like a copy, please send \$10.00 plus \$1.00 for postage to your NSCA SECRETARY... This 1978 Edition by Terry Trantow of Bingen, Washington, contains 270 pages and is hard bound. It is a valuable reference book for collectors of lumber tokens and gives a rarity value - as of 1978 - for all known lumber listings to that date. Also included is a brief history and pictures of lumber tokens!! Scriptor Terry Trantow has promised an update or a listing of new finds for the bulletin when he gets time to work on this!! Watch "SCRIP TALK" for additional information.

### FREE ADS SENT TO THE EDITOR INSTEAD OF STEVE RATLIFF DUE TO ADDRESS ERROR::

 163/1.80 164/5.35 End of Sale No. 100

.....  
 The "Sell Out" Sale start by the West Virginia collector brought some nice bargains to those who took the time to bid in this anniversary sale!! If you missed out you will have another opportunity to get some nice tokens in Sale No. 101... better check out every listing as many varieties as well as scarce tokens are included in the listing!! For some reason, the Minimum Bid items in Sale No. 100 did not get much action!! Certainly the low minimums on some lots were not out of line in view of today's coal token market!!  
 .....

DIS AND DATA...As time and space permits !!....Attn: CINDY GRELLMAN: Thanks for the tokens that you donated to NSCA for auction!! These will appear later when the space is available.....The Janitor has been reprimanded for two erros that appeared in the last bulletin - (1) He failed to note on Page One that the the last issue mailed was: VOL. 13 - NUMBER 107 - JUNE 1985 issue. Those of you who like to keep all issues can mark this so that you will have consecutive issues. (2) An incorrect address was given for FREE AD EDITOR STEVE RATLIFF. The correct address is shown on Page One of this issue!! Sorry that several letters were returned due to the wrong address.... Please note that present plans call for a new MEMBERSHIP ROSTER to be issued in February or March of 1986 after all dues have been collected for the new year.... PRESIDENT CRAWFORD BLAKEMAN and SCRIPTOR BILL WILLIAMS will be working on this. Too, present plans call for the By-Laws and Constitution of NSCA to be included in the roster listing. All members will receive a copy after printing is completed.....At the FALL 1985 NATIONAL CONVENTION in Duffield, Virginia in October, consideration will be given to bringing the BOOK COMMITTEE back into the NSCA Board of Directors fold by adoption of a change to the BY-LAWS.... Copies of the new EDKINS CATALOG (both volumes) are being donated to the TAMS LIBRARY. Incidentally, if you would like information on joining TAMS (Token and Medal Society) drop the NSCA Secretary a line and he will see that you get an application blank. They, too, have FREE ADS in their publication and you will be able to make additional contact with other collectors.....
